The business judgment rule is a case law-derived doctrine in corporations law that courts defer to the business judgment of corporate executives. It is rooted in the principle that the "directors of a corporation... are clothed with [the] presumption, which the law accords to them, of being [motivated] in their conduct by a bona fide regard for the interests of the corporation whose affairs ...

Predatory lending refers to unethical practices conducted by lending organizations during a loan origination process that are unfair, deceptive, or fraudulent. While there are no legal definitions in the United States for predatory lending per se, a 2006 audit report from the office of inspector general of the Federal Deposit Insurance Corporation (FDIC) broadly defines predatory lending as ...

This study describes an attempt to develop an integrative model of job search and employee recruitment. Inevitably multi-level in nature, the model demonstrates the interplay between organizational-level factors and individual-level factors in influencing the outcomes of employee recruitment and job search activities.
