Once again media reports have emerged claiming that genetically modified pest-resistant Bt brinjal (eggplant) has failed in the field and that farmers in Bangladesh are regretting that they have begun to grow it. (An earlier example was dealt with here.) The stakes are admittedly high here: this is ...

Bt brinjal in Bangladesh – the true story – Mark Lynas

The formula for survival in resuscitation describes educational efficiency and local implementation as key determinants in survival after cardiac arrest. Current educational offerings in the form of standardized online and face-to-face courses are falling short, with providers demonstrating a decay of skills over time. This translates to suboptimal clinical care and poor survival outcomes from ...
