The History of the Netherlands is the history of seafaring people thriving on a lowland river delta on the North Sea in northwestern Europe. Records begin with the four centuries during which the region formed a militarised border zone of the Roman Empire. This came under increasing pressure from Germanic peoples moving westwards. As Roman power collapsed and the Middle Ages began, three ...

I used to believe in man-made global warming. Then I found out that there was another side to the story, and I was shocked.

The good name of science is being exploited. Over \$79 billion dollars has been fed into one side of a scientific question, while almost none has been put into auditing the reports, checking the results, or investigating other theories.
