Homeopathy is based on the theory of similia similibus curanter, i.e. drugs that can cause symptoms in a healthy human being can cure the very same symptoms in a diseased individual. Symptoms of drug provings are recorded and these records are matched with the patient's symptom picture.

Role of Homoeopathy in the Management of Autism - Infomed

by: Sanford Lapedis, ND, MDHS. Humanity is most definitely in dire need of some positive solutions. Homeopathy is a holistic system of medicine that stimulates and encourages one's own natural healing forces of recovery. Homeopathy works with the body's natural healing forces instead of against them (suppressively).
